Carbon steel, yellow-glazed, with push button.

MG88A (g)

Carbon steel, yellow-glazed, automatic.

HIGH PERFORMANCE WARM AIR HAND DRYERS

Made in Italy
Italian design
and technology

Thief-proof
Thanks to special
screws

Test certificate
Every dryer is supplied
with test certificate

Vandal-proof
Thanks to the compact
and sturdy structure

360° revolving nozzle

Long Life
Statistically over
15 years

Super Power
Major power,
guaranteed by
the new motor

Temperature
Constant temperature

40° Anniversary
MG HAND leader of
the market for more
than 40 years

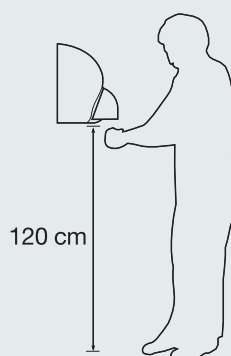

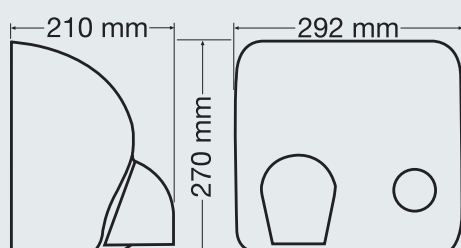

Tested quality

Technical Details

Functioning	Push button or photocell	Overall power absorption	2250 W
Cover material	Carbon or stainless steel	Air speed	105 Km/h
Base material	Aluminium	Air flow at nozzle outlet	4,3 m ³ /min
Net weight	8 Kg	Ingress protection level	IP21/IP23**
Supply voltage	220/240 V - 110/130 V	Noise level at 3 mt	63,9 dBA
Main frequency	50/60 Hz	Electrical protection level	Class I
Absorption motor/n° revolutions	250W/5.500 rev./min	Quality marks	TUV/CE/UL    
Heating element absorption	2000 W		

** IP21 Revolving nozzle - IP23 fixed nozzle
